## NEARLY ONE HUNDRED DEAD TODAY IN TERRIFIC MINE GAS EXPLOSION

### RESCUE'S WORK TO AID ENTOMBED

Forty Now Known to Be Dead; Death Total Is Probably Seventy-eight

PRIMERO, Colo., Feb. 1.—The bodies recovered from the Primero coal mine property today where a terrible explosion occurred late yesterday, makes the total number of known dead 42. Thirty-six miners are still unaccounted for and the total dead probably number 78. One hundred and ten men were in the mine when the explosion occurred.

The mine consists of four tunnels bored into the sides of a mountain. The main tunnel was pretty thoroughly explored today and from it all the bodies thus far recovered were taken.

Three tunnels remain unexplored and it is within them that the missing men are imprisoned, whether alive or dead is unknown.

**Gas Was Cause**  
Gas is supposed to have caused the explosion which was of such terrible force that it shook the surrounding country like an earthquake.

Officials of the company say only safety lamps were used in the mine and that they are at a loss to account for the disaster.

Among the seriously injured who have been taken from the mine is Will Alexander, an American miner. Alexander was entering the mine tunnel just as the disaster occurred and was hurled nearly 100 feet. His face and hands were severely burned. He may die.

Dianado Virgen, the first living man taken from the mine, is sinking rapidly today and will probably die. He has lapsed into unconsciousness and has not spoken since he gave out his first statement.

**Rescuers at Work**  
A special train, bearing rescuers, doctors and nurses, was sent from Trinidad to Primero. It was several hours after the arrival of men with oxygen helmets before an entrance was forced through the first cave-in in the main tunnel. Fire was found there but it was quickly extinguished and it is believed there is little danger of the lower levels burning.

Several cave-ins obstructed the rescuers and after a dozen dead miners had been removed they feared that no man in the workings at the time of the disaster had lived. A faint cry behind a wall of earth caused them to redouble their efforts. Breaking through the cave-in, the men found Virgen, half suffocated, lying with his face close to the floor of the tunnel. He was delirious when removed from the mine.

Most of the men employed at the mine were Italians, Hungarians and Mexicans. Many of them had no families and were listed at the company's offices by numbers.

**Virgen's Story**  
Virgen is still semi-delirious today and his story is disjointed.

"I don't remember much about it," he said. "All I know was that there was a roar and everything got black. I guess I must have gone under for a while.

"Then I heard the boys rushing by me and fighting like mad. I saw a light ahead and tried to crawl to it. I was so weak from the shock that I could not get off my hands and knees but I managed to crawl a long way. I saw dead men ahead and others who were groaning and screaming and crying for help were on every side. It was sickening but I was so weak I could not help myself even to say nothing of going to the aid of others.

**Known Others Were Dead**  
"The cries about me stopped. I knew I was the only live man there. It seemed years before I heard the picks of the rescuers. I hollered to let them know where I was."

Virgen then rambled in his statements.

The explosion occurred at 4:30 o'clock yesterday. It was the second disaster in this mine. In 1907 twenty-four men were smothered to death when an explosion blocked the shaft.

None of the bodies taken from the mine have been identified. All were mutilated.

**Inquiry Begun**  
Coroner J. H. Guilford and Deputy B. B. Sipe have taken charge of the bodies and will assist the state mining inspector in investigating the disaster.

Among the missing men believed to be entombed in the lower levels are two Americans, Wm. Helm, electrician, and David Williams, miner.

**Terrible Instances**  
Some distance from the mine, a little Italian woman scarcely more than twenty, carrying a baby in her arms, walked back and forth. No

### CHERRY VICTIMS EXHUMED TODAY

Fatal St. Paul Mine Opened and Riots Threaten as Bodies Are at Hand

CHERRY, Ills., Feb. 1.—The St. Paul mine in which upwards of 350 miners lost their lives in November, was opened today for the first time in two months and by nightfall it is expected that most of the 200 dead bodies which still remain buried in the depths will have been brought to the surface.

Richard Newsam, president of the state mining board, and W. W. Taylor, superintendent of the mine, supervised the work of re-opening the main shaft which began at daylight. At that hour the widows and orphans of the 200 miners whose bodies have not yet been recovered gathered at the mouth of the shaft waiting for the recovery of their dead. They showed little emotion as the work progressed, but it is predicted that when the bodies are brought up scenes will be enacted rivaling those witnessed when 20 living miners were brought to the surface after being buried for seven days. The attention of the sheriff has been directed to this situation and he has promised to have deputies on hand to prevent disorder.

The survivors of the disaster were on the ground early and all volunteered their services in the work of recovering the bodies. Among the first to volunteer were the 20 miners who were rescued alive.

### 10 CENT RAISE OR 10 CENT REDUCTION?

TOLEDO, O., Feb. 1.—Mine operators will ask for a reduction of ten cents per ton in the present wage rate of 90 cents, according to statements made today by operators already here for the wage conference. The miners in convention at Indianapolis have asked for an increase of 10 cents over the present rate. With a difference of 20 cents dividing the operators and miners, it is predicted that there is scant possibility of a compromise.

### COMMITTEES MEET ON ARMOY SITE

Committees of the Governors Guards' Association, the Board of Trade and city council hold a joint meeting tomorrow evening for the purpose of trying to reach a conclusion on what shall be done toward giving the second ward school house site to the Guards' Association provided they build an auditorium to cost at least \$50,000. The city will probably ask to be represented on the board of directors if the deal is favorably acted upon.

### TIBER RENDERS ROMANS HOMELESS

ROME, Feb. 1.—The river Tiber has been raging steadily for several days and today has attained an unprecedented height. The lowlands along the banks are flooded and thousands are homeless.

Rescue parties of soldiers are carrying the inhabitants to the highlands and the government is making energetic measures to relieve all suffering.

### FIGHT TO REGAIN CHILDREN IS ON

COLUMBIA, S. C., Feb. 1.—A petition in the habeas corpus proceedings instituted by Mrs. B. R. Tillman, Jr., to recover her two children, deceased Senator and Mrs. B. R. Tillman by her husband, was expected as soon as the supreme court met today, but Chief Justice Jones announced that one had not been reached. Until the judges decide what to do with the children, they were ordered left in the custody of Senator Tillman.

### HURT IN WRECK

NEW ALBANY, Ind., Feb. 1.—Twelve persons were injured, two of them seriously when a fast passenger train on the Monon for Chicago, leaving here shortly after 8 a. m. left the tracks near Wilson, Ind., fifteen miles north of here today.

### PLANKINTON PACKING PLANT IS BURNING TODAY

MILWAUKEE, Wis., Feb. 1.—A general alarm from the Plankinton Packing company has just been turned in. The plant is in the heart of the manufacturing district.

### ASKS AID TO GET OUT OF THE ARMY

Julius Hagenbarth Wants a Temporary Discharge to Attend His Parents

Julius Hagenbarth, a well known local musician who some time ago enlisted with the military band at Fort Snelling, today secured letters from Mayor Ori J. Sorensen, Dr. Evans and others to show that his parents are in a serious condition, requiring his presence in this city. Mr. Hagenbarth is here on a furlough, but according to regulations must return to duty within a short time. He is now endeavoring to secure a temporary discharge from his enlistment that he may remain here with his sick parents. The letters were forwarded to the commandant of the post.

### ILLINOIS HOUSE PASSES PRIMARY

SPRINGFIELD, Ill., Feb. 1.—After a long and at times bitter debate the house this morning passed a direct plurality primary bill by a vote of 110 to 39. The bill is different from the senate bill and the ultimate measure must be framed in a joint conference committee. The senate bill passed last week provides for an advisory vote on United States Senator. The house bill does not. The senate bill carried with it the blanket ballot feature, the house bill does not. The senate bill gives the voters power to fix the number of candidates for the house of representatives and the house bill delegates this power to the senatorial committee.

### GRANUM HOME IS BURNED TODAY

Fire, supposed to have started from a spark from a passing locomotive on a nearby track was discovered in the residence of Peter Granum, 1524 Prospect street about 11 o'clock this morning. Fire departments Nos. 2 and 4 responded to the alarm but before the conflagration could be extinguished the roof had been entirely burned from the residence, the damage amounting to about \$500 which is entirely covered by insurance. No one was injured. The blaze started in the rear of the house burning upwards and destroying the roof and part of the second story. Most of the household effects on the second floor were removed by the firemen. The blaze was extinguished by 12 o'clock.

### TAFT FIGHTING HARMON IN OHIO

COLUMBUS, Ohio, Feb. 1.—Control of Ohio—and control of Ohio is the biggest thing in American politics today—is the prize in the fight between President Taft and Governor Harmon which began in the open today with the reference of the pet reforms of both leaders to committees of the legislature.

If Harmon can win his reforms it is conceded his campaign for re-election may be successful. That would make him the logical candidate of his party for president. Harmon carried Ohio though Taft won the state by about 70,000.

### AGRICULTURAL DEDICATION ON

Four-Day Farmers' Course and Homemakers' Session Begins This Afternoon

With a large representation from Western Wisconsin and several counties in eastern Minnesota, the dedication week of the new La Crosse County Agricultural school, was opened this afternoon.

Professor K. L. Hatch, secretary of the Agricultural Extension department of the University of Wisconsin, Professor G. C. Humphrey, of the state university, considered authority on animal husbandry, and Prof. D. H. Otis, ex-ranchman, animal nutrition expert and assistant to the Dean of the University were the speakers before the farmers' course.

Miss Emma Conley, domestic science instructor in the Stout Institute at Menominee and formerly of the Marathon County Agricultural school spoke at the Homemakers' conference.

The attendance today far surpassed all expectations for the first day and increasing number is promised for the remaining three days. "Points of the Dairy Cow," was the subject of Professor Humphrey who made his address at 1:30 this afternoon. 2:30 o'clock the judging of cattle with the score card was carried on by Mr. Humphrey.

At 7:45 o'clock this evening Professor Otis will explain "Important Factors in the Selection of Our Feeding Stuffs."

Wednesday is to be corn day and with four members of the state university faculty booked for talks interest in its program is great. The speakers will be Professor C. P. Nord, Professor G. C. Humphrey, Prof. O. W. Hotchkiss. In the evening Principal G. C. Crosthwait of the Marathon County Agricultural school at Wausau will speak on "What the Secondary Agricultural Schools are Doing."

Superintendent A. A. Johnson of the La Crosse county institution is more than pleased with the success of the first day and is enthusiastic as to what the remainder of the week will produce.

"The attendance is better than I thought it would be," said Superintendent Johnson today, "and I expect the attendance to increase each day."

"We have some of the best speakers in the country on the program and every one of them ranks high in his particular line. Some of the men who are to speak are of international prominence."

Mr. Johnson points out that the program is not alone for the benefit of the farmers but that it is of interest to everyone in the county and just what is done at an agricultural school will be a revelation to many.

The Onalaska Progressive League at a special meeting called last week has made arrangements to serve free to people desiring to stay at the school all day, hot coffee. The Masonic and Woodmen halls at Onalaska have been thrown open to the public and people can secure lunch at a nominal figure.

A committee composed of La Crosse county farmers has charge of the corn exhibit for tomorrow. Mr. Charles Lempke is the chairman of the committee.

**Tomorrow's Program**  
The program for tomorrow is as follows:

- 9:00 a. m. Grain Improvement—Prof. C. P. Nord, Madison.
- 10:00 a. m. Competitive Judging of Dairy Cattle—Prof. G. C. Humphrey, Madison.
- 1:30 p. m. Road Improvement—Prof. O. W. Hotchkiss, Madison.
- 2:30 p. m. Grain Judging—Prof. C. P. Nord, Madison.
- 7:45 p. m. What the Secondary Agricultural Schools are Doing—Prin. G. C. Crosthwait, Wausau.

### COWLES HE TOOK HER PHOTOGRAPH

Dorothy Hesler Justifies Auld in Striking Doctor for Serious Breach of Propriety

BOSTON, Mass., Feb. 1.—"I never gave my photograph to Dr. Cowles. He took it when I was absent. His delay in returning it was the cause of all this trouble."

This declaration at the navy yard court martial of Paymaster G. P. Auld and Doctor Ansey H. Robnett here today by pretty Miss Dorothy Hesler of Chicago opened up the real cause of the alleged "insult and attack" on Dr. Edward S. Cowles, which has stirred up a scandal in naval circles here and in Washington, involving Secretary of the Navy Meyer, Admiral Swift and others.

When Miss Hesler went on the stand today Major Cattlin, judge advocate, drew from her the whole history of her acquaintance with Cowles. Miss Hesler insisted that at no time had she given Cowles any right to have her picture. She insisted that their acquaintance was of the most ordinary sort and that that alleged boasting by the physician of their friendship had no foundation in fact.

Declaration that because Dr. Cowles, second cousin of Mrs. Theodore Roosevelt, had boasted of an alleged conquest he had made of pretty Miss Dorothy Hesler of Chicago, the proposition is now the central figure of a naval scandal here, was made by Dr. Ansey H. Robnett, U. S. N., when he resumed the stand as the first witness for the defense at a navy court martial.

**Miss Swift Assails Him**  
Preceding Miss Hesler on the stand was Miss Madeline Swift, daughter of Admiral Swift, former commandant of the Charlestown navy yard and who is said to have cancelled her engagement with Harry Duerstorer of Atlanta, Ga., for the sake of Paymaster J. P. Auld.

Miss Swift denounced Dr. Cowles. He was persona non grata, she declared, in navy circles and would never have been invited to the ball where he alleges he was assaulted by Auld had it not been for the sake of his wife. Throughout, her testimony was favorable to the accused.

Miss Hesler stated that Cowles sought a clandestine appointment with her and had used objectionable language to her over the telephone.

### TAFT TURNS DOWN GOLL PARDON PLEA

WASHINGTON, D. C., Feb. 1.—President Taft today refused to grant an application for a pardon for Henry G. Goll, formerly assistant cashier of the First National bank of Milwaukee, Wis., now serving a ten year sentence for complicity in the looting of that institution.

### PACKERS LIFT PRICE, DEFYING PUBLIC

CHICAGO, Feb. 1.—That the packers intend to ignore the present anti-meat agitation was the statement of angry consumers today when a general increase of one cent a pound on all classes of meat was announced. This increase extended from the packer to the consumer.

It also became known today that though the packers yesterday reduced prices one cent a pound to the jobbers, the reduction never got as far along the line as the consumer.

### DOERFLINGER TO HEAD THE BOARD

Merchant will Be Elected at Annual Meeting Tonight; Home-Coming to Be Agitated

Present indications are to the effect that William Doerflinger will be elected president of the board of trade at the annual meeting in connection with a 6 o'clock dinner at Masonic temple tonight. It is understood that Mr. Doerflinger has been prevailed upon by his friends to accept the presidency at this time. It is practically assured that J. L. Utermoehl will be re-elected secretary, since he has already been elected secretary of the Industrial Association and the two offices can more handsily be handled by one man.

Committees will report tonight and arrangements will be made to inaugurate a vigorous membership campaign. Several matters of importance are to be brought up for action, including a publicity campaign and a plan to hold a Fourth of July celebration and home coming.

### AVIATOR TO DROP HIGH EXPLOSIVE

NEW ORLEANS, La., Feb. 1.—The destruction of Managua with fifty pounds of nitro-glycerine dropped from a dirigible balloon will win the Nicaraguan revolution for the provisional government unless the present plans of H. H. McGill, Ohio aviator, miscarry. McGill, who announced today that all arrangements had been completed satisfactorily between himself and Estrada, making McGill the "aero squad" of the provisionalists, tells how it will happen.

### SHIP SINKS, 15 PERISH

LISBON, Feb. 1.—The sailing vessel Fortuna has been wrecked on the Azores, with the loss of her crew of fifteen, according to messages received here today. The Fortuna went down in the storm which for two days has swept the northern part of Portugal and the ocean between here and the Azores.

The five who escaped from the vessel were finally picked up after enduring terrible suffering.

### GRASSHOPPERS HOP IN SUNNY ALBERTA

LETHBRIDGE, Ala., Feb. 1.—Evidence of spring in southern Alberta is plain. A lively grasshopper was found on Saturday, and today two farmers came with food for the hopper, one bringing grass six inches high and the other some vetches in bloom. Plowing is in progress in many districts, and farmers are talking about seeding. It is believed the two comets are responsible for the warm weather, because the snow disappeared without the usual chinook.

### EX-SENATOR LEVI WITHEE IS DYING

Former State Senator Levi Withee is dying today at his home in this city and physicians in attendance say the pioneer lumberman cannot live another day. His death is expected momentarily. Senator "Tom" has been in ill health for some time, but for the past few days his condition has been critical. He was expected to die during the night, but his wonderful vitality held him up and he was still alive this afternoon.

## LYNCH "APACHES" WHO HAUNT PARIS SEEKING TO LOOT

Depredations of Criminals Continue Despite Drastic Measures Taken by the French Government

### PEOPLE SKATE IN STREETS

Refuse to Let Disaster Interfere with Pleasure; House Cleaning Is On Now in Earnest

PARIS, Feb. 1.—Four Apaches were lynched this afternoon at Issy. They were caught looting an abandoned house and hanged by a posse of infuriated citizens.

Two robbers were fatally shot at Boulogne Sur Seine in a running fight between a band of pillagers and the police. The robbers were surprised while robbing a villa but made their way to their boat. Soldiers pursued them in a boat and brought down two of them in a fusillade of shots. The others escaped.

Citizens of a dozen suburbs of Paris are organizing themselves to war against the thieves and Apaches, whose depredations are still carried on in a high handed manner, despite the summary punishment that has been inflicted on a dozen or more.

Bilancourt, Neuilly, Asnieres, Suresnes, Argenteuil and Issy all report running battles between the looters and the citizens and police. Several of the thieves have been captured and hangings have taken place, it is reported. Choisy Le Roi and Clichy-Marne are two other towns that are overrun with thieves. Two desperadoes in the former town were shot by the authorities.

**Houses Collapse**  
Two houses at Courbevoie collapsed today from weakened foundations and the police have roped off a row of houses in the Rue de Vienne, which were condemned as unsafe.

The weather is freezing and several of the flood sections are ice bound. The change is welcome notwithstanding the suffering on the poor that it entails for it means a continuation of the Seine's drop.

**Streets are Rinks**  
Flooded streets and parks in Paris and the suburbs have been turned into skating rinks by the joy-loving Frenchmen, who now refuse to let their loss stand in the way of their pleasure.

**Cleaning House**  
Disinfecting crews and lime carts are being seen in all parts of Paris today.

All over the city there are blazing piles of rubbish and flood refuse. Bed mattresses a favorite item in the menu of the flames. Other signs of the gigantic cleaning process Paris must pass through in the next two weeks are painters and scrubbers and puffing engines that are bravely trying to empty basements in sections that are now above the general spread of the water.

### GREAT LUMBER FIRE

BALTIMORE, Md., Feb. 1.—A lumber plant of the Rosenhauer, Lean Lumber Company, covering entire block is on fire and the fire is likely to destroy the structure.

### STATE RAILROADS PAY MORE TAXES

MILWAUKEE, Wis., Feb. 1.—The state tax commission—  
• Wisconsin has increased the assessment of the railroad property in Wisconsin from \$274,000,000, the valuation of 1909, to \$294,066,000 for 1910. The rate of taxation, which is the average rate of all other taxable property in the state, is fixed at \$11.253,225.66 per \$1,000 of valuation as against \$11.430,840.78 last year. The total taxes of the railroads for this year are \$3,196,661.64, as against \$3,142,886.73 last year.

## THE WEATHER

Coldest at La Crosse, 18; warmest, 26; wind, 12 miles; precipitation, none. Forecasts today:  
For Wisconsin: Increasing cloudiness and warmer tonight; Wednesday possibly rain or snow with colder west portion by afternoon or night.  
For Minnesota: Snow tonight or Wednesday; colder.  
For Iowa: Unsettled, with probably rain or snow late tonight or Wednesday; warmer east portion tonight; colder Wednesday afternoon or night.

## DIRECT VERDICT FOR PLAINTIFF

In the case of E. C. Erickson and E. N. Walte of West Salem against August Maloney of Spring Valley, which was heard yesterday afternoon in circuit court before Judge Wickham of Eau Claire the court directed a verdict for the plaintiff. Plaintiffs sued for \$97.50 for services as agents for lands which the defendant had for sale. The court took the case from the jury at 6 o'clock and fixed the amount of the judgment at \$15.37.

## HIGBEE CUTS OFF \$200 DUE WOMAN

In chambers yesterday Judge E. C. The judgment was for land taken by the company at the rear of the listman mill for track extension.

## "GREATEST PERIL" TONIGHT'S SUBJECT

"Our Greatest Peril" will be discussed at the Caledonia Street M. E. church revival meetings tonight. Mr. Scott, the evangelist, last night spoke on the subject: "The Joy in Heaven Over the Return of the Wanderer." Tomorrow night a special praise service will be held.

## MINNESOTA AND THE NORTHWEST

### PRESIDENCY OF "U" OFFERED DR. HILL

CHICAGO, Feb. 1.—The presidency of the university of Minnesota was offered here yesterday to Albert Ross Hill, president of the university of Missouri, at Columbia.  
The formal tender was made to Dr. Hill by five members of the board of regents of the university of Minnesota, President John Lind, C. A. Smith, Pierce Butler, B. F. Nelson and Gov. A. O. Eberhart, all of whom arrived in the city quietly Sunday morning.  
Utmost secrecy was preserved in the negotiations.  
The Missouri president has made no definite reply, but has the offer under consideration. He left Chicago last night for Columbia, by way of St. Louis.

MINNEAPOLIS, Minn., Feb. 1.—Albert F. Woods, formerly of Washington and recently elected dean of the college of agriculture of the University of Minnesota, arrived at St. Anthony Park today and assumed charge of the college and experimental farm. He announced that extension work for the benefit of the agricultural industries of the state will be an important part of his work at Minnesota.

## WISCONSIN NEWS

### TO COMPENSATE INJURED WORKMEN

Arrangements Made for Co-operation of Effort by Special Committee at Washington

MADISON, Wis., Feb. 1.—During the presence in Washington, D. C., last week of members of the special committee on industrial insurance of the legislature, arrangements were made for a co-operation of effort between the committee and the labor bureau of the department of commerce and labor. The arrangement made between the committee and Dr. C. P. Neill, United States labor commissioner will result in a maximum of comparative statistics at a minimum of cost, the work of the bureau in Washington being furnished without cost to the state of Wisconsin.

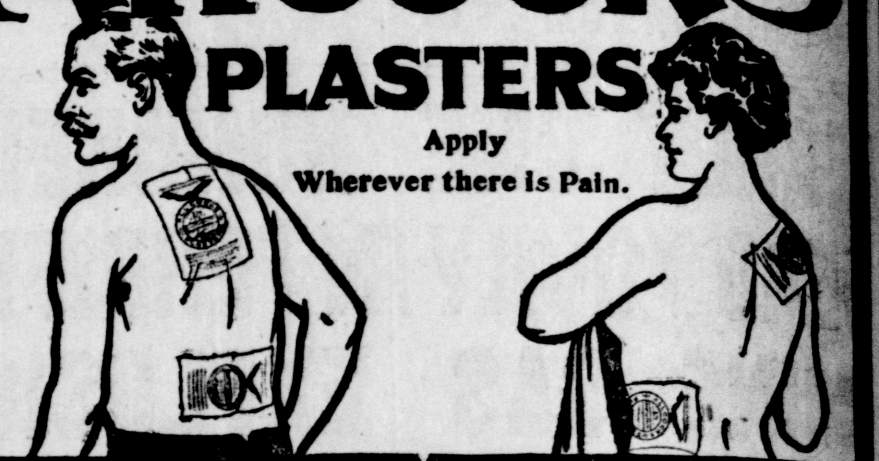

"The plan entered into by Commissioner Neill is in a way a subtle compliment to Wisconsin and the Wisconsin committee," said Secretary P. J. Watrous, who accompanied the committeemen on their trip to Washington. "In the east the economists and government authorities look to Wisconsin for progressive legislation and they are keenly interested in every move toward the goal of absolute compensation for injured workmen and their heirs. Several times in the course of the conference in the east there were facetious comments about Wisconsin's willingness to try new laws and of its ability to work them out correctly. The Wisconsin railway rate commission and its recent additional jurisdiction in the field of public utilities is a source of never ending admiration among experts in Washington, New York and other centers.

Thirty States Represented  
"The conference in Washington was attended by delegates appointed by the governors of about thirty states. Students of the problem of workmen's compensation were present from Virginia, Missouri, Kansas, Michigan, Maine, Vermont, New Hampshire, Maryland, North Carolina and several other states. The Minnesota, New York and Wisconsin committees were represented in each case by three or four delegates, those from Wisconsin being Senator A. W. Sanborn of Ashland, Assemblyman Clarence B. Culbertson of Stanley and Assemblyman George C. Brew of West Milwaukee. Mr. Ingalls was made a member of a special committee on permanent organization of the national conference on Workmen's compensation. "Great interest was manifested in Washington regarding the comprehensive investigation now being made in Wisconsin by committee. Owing to the fact that a few manufacturers in Wisconsin are slow in returning their replies to the committee's inquiries, there was no possibility of exhibiting any tabulated statistics regarding the number of industrial accidents and their cost. These figures, provided reports are sent to Madison within the month will be ready at an early date. Manufacturers are being urged to return their schedules in order that the totals may be complete and accurate.

Cost of Litigation  
"Next to the committee's investigation through the heads of manufacturing concerns, the special inquiry bearing on suits in the circuit courts of Wisconsin was the topic of interest. Within the last two months the committee has secured reliable figures from the circuit court clerks of 55 out of the 71 counties in the state. When these figures are tabulated they will show the people of the state to what extent they are interested in the proposed legislation on workmen's compensation. The tremendous cost of litigation brought about by claims of injured employees against their employers promises to be astounding. When judges' salaries, jury fees, clerks' fees and stenographers' salaries are counted in the result is more than enlightening. This great economic waste, it is hoped, will be eliminated to a large extent when a satisfactory system of insurance has been devised under which there

## Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...It pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English, a Modern Simplified, 1008 pages, over 700 illustrations, newly revised edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

## BOLD BURGLARS BREAK INTO SAFE

WAUKESHA, Wis., Feb. 1.—The safe in the law office of Holt & Coombs, in the Putney block, was cracked open by burglars some time between Saturday night and Monday. Between \$3,000 and \$4,000 in cash and securities was taken.

R. L. Holt, senior member of the firm, opened the safe today and found that the inner box was broken open and that the outer door was unlocked. Of the amount taken \$1,000

was currency, and the rest in notes and smaller securities.  
The Putney block is in the heart of the city.

## VALUABLE HOME REMEDY

Will Break Up Severe Cold in a Day and Cure Any Curable Cough.  
"Mix one-half ounce of Concentrated pine compound with two ounces of glycerine and a half pint of good whiskey. Shake thoroughly each time and use in doses of a teaspoonful to a tablespoonful over four hours." This formula is given out by a noted medical authority. Local druggists say this mixture will work wonders. They all have these ingredients in stock and will quickly get them, then are easily mixed.

Be sure to get the genuine "Concentrated" pine which is plainly labeled and comes only in half ounce bottles each enclosed in an air-tight case.

### THE MARKET SQUARE

The proposal to sell the market square, now under consideration by a committee of the city council, is one that should have business like attention.

Those who favor selling it point out that, disposed of as building lots, it would net the city some \$60,000, and that for a small portion of that sum a new market could be purchased.

These are assertions that should be proven before action is taken. The council should know positively that the lots would bring the money and that a new market could be secured in a quarter available for market purposes. It is imperative that this latter point be established before a sale is thought of, for a city without a market would indeed be handicapped. The city must not sell out our merchants; they have trouble enough now in attracting farmers to La Crosse.

The purpose set forth for the sale of the market is that it would afford the city half a hundred thousand dollars at a time when the administration is eager to get funds with which to push its plans for a water plant. That is the purpose, so far

as the administration is concerned, although the plan was originally inspired by the desire of private persons to increase the value of property they hold adjacent to the market. Let it be understood that there is no public spirit in the formulation of the scheme, that it is purely business all around, and should be treated as business by the city.

The great thing that may be advanced in favor of the sale, provided another market handy to the trade center can be secured, is this:

The businessmen of La Crosse have long felt the need of a fully equipped market place. The board of trade has had it under consideration, but means to establish it have been lacking. If the present market could be sold at the figure mentioned, and a new one suitable for the purpose purchased at a price that has been suggested, the city could well afford to spend several thousand dollars in equipping the new market in an up-to-date fashion. That would fill a long felt want, and at the same time would give the city a neat profit of some 200 per cent on the transaction.

So far as we know, nothing in the way of protection to the businessmen is contemplated by the committee, which has evinced its disposition to recommend the sale. This matter is IMPORTANT, and the businessmen will have to act promptly if they expect to be considered in the deal. They should get together and decide what they want; they should let the committee and the council know their views unmistakably; they should let it be understood that only upon terms which afford them proper facilities will they permit the sale to be made without vigorous protest. They should also attend the council meeting in large numbers, to reinforce their demands with their presence.

The matter is in the hands of the judiciary and grounds and buildings committees, which are expected to report to the council at the regular meeting on Friday, Feb. 11. The Merchants' association, the Board of Trade and the Jobbers' club would do well to formulate plans and take concerted action.

## SPOTLIGHTS

### A RECORD-BREAKING SUCCESS

With the prestige of having broken all records for theatrical business both in the large cities and "on the road," "The Clansman" comes to the La Crosse theater Monday afternoon and evening. Everywhere "The Clansman" has stood out distinctively from other plays. For example, its success in Chicago eclipsed anything that had gone before. The critics received it with acclaim, and the best evidence of its popularity was the long list of ticket buyers, which, reaching as it did, for many blocks, was so unusual, that every newspaper in Chicago commented on the fact. What happened in Chicago was but a duplicate of "The Clansman's" extraordinary vogue in New York, Washington, Baltimore, St. Louis, Kansas City, and other great towns. In the company are such sterling actors as Arthur DeVoy, Evelyn Faber, John B. Cooke, Maude Durand, Joseph R. Garry, Edna Davis, Earl Lee, Vinnie Burns, W. A. Jordan, Margaret Millington, Joseph R. Lorraine, William Lewis, Charles Millington, Warren H. Townsend and Howard Lenard Ely.

### A Feeling of Security.

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit-producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

### Sample Bottle of Swamp-Root Free by Mail.

Send to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle, free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the La Crosse Daily Tribune.

### TAFT FIGHTING DICK

COLUMBUS, O., Feb. 1.—President Taft has joined the fight to prevent the endorsement of United States Senator Charles Dick at the primaries in May. Wade H. Ellis, former Ohio attorney general, and present assistant United States attorney general, came to Columbus today for a conference with State Chairman Walter F. Brown of Toledo prior to calling a meeting of the state committee at which rules for the senatorial primary will be laid down. Taft fears a senatorial endorsement for Dick would mean party defeat in November.

### COREANS IN REVOLT

LONDON, Feb. 1.—A news agency report received here yesterday noon declares there has been a massacre of 20 Japanese settlers in south Phoenician, Korea. The Koreans are said to have risen in arms against the constant encroachments of the Japanese. It is rumored here that the uprising is the beginning of a general one over all Korea against the Japanese occupancy of the hermit kingdom.

### McCANN GETS DELAY.

CHICAGO, Feb. 1.—Former Police Inspector Edward McCann, convicted of accepting money from resort keepers for police protection, was sentenced here to serve a term of from one to five years in the Joliet penitentiary. He was at once committed to the custody of the sheriff, but a writ of supersedeas was immediately granted suspending the outcome of McCann's appeal to the state supreme court.

### DO CHICAGOANS EAT HORSE

CHICAGO, Feb. 1.—Chicagoans who are fond of meat were startled here by announcement that horses are being butchered in Cook county for human food. This was brought out in an investigation by the Illinois state food commission who is now trying to learn where such meat is sold.

## RHEUMATISM COMES FROM BAD KIDNEYS

Once Your Kidneys Work Properly, Rheumatism, Kidney Disease and Bladder Trouble Disappear.

Now to Cure Yourself

It is no longer necessary to spend months and months undergoing a complicated treatment for rheumatism, kidney or bladder trouble, or spend a good many dollars in doctors' bills.

A new treatment can now be obtained which seems to act more like a marvel than a medicine. This treatment has produced such satisfactory results in a short time that it is now guaranteed from first to last.

There should be no more doubt about the rapid cure of rheumatism, no fears of the fatal termination of treacherous kidney disease or dropsy.

Rheumatism means nothing more nor less than that your kidneys do not work properly. Your blood passes through the kidneys hundreds of times a day to be filtered and purified. When the kidneys are weak, the poisons are not taken out of the blood as they should be. This leads to various diseases, such as rheumatism, terrible Bright's disease, diabetes, dropsy and bladder trouble.

The new guaranteed treatment is Dr. Derby's Kidney Pills. One day's use of them will prove their remarkable effect. M. T. Ridenour of Lima, Ohio, says: "When I feel bad in my back, I just take a couple of Derby's Kidney Pills and get immediate relief."

If you have rheumatism anywhere, back pains, cloudy, foul urine, pains in the bladder, Bright's disease or diabetes, put your whole confidence in Dr. Derby's Kidney Pills, and you will not be disappointed.

Dr. Derby's Kidney Pills are sold at all drug stores—60 pills—10 days' treatment—25 cents, or we will send them direct from the laboratory of Derby Medicine Co., Dept. 9, Eaton Rapids, Mich., prepaid if you wish. If you want to try them first, just tell your druggist to give you a free sample package.

The Lesser Evil  
In Sammy Small's neighborhood there lived a family of boys who were irresistibly charming to Sammy, but not to Sammy's mother. In fact, Sammy's mother forbade him ever to go over to play with those boys again, and threatened punishment should he disobey her.

But one day Sammy disappeared, and his mother made inquiries. She learned that Sammy was over playing with the irresistible boys again. Accordingly when Sammy returned from his visit he found his mother looking very stern, and with a remarkably square, forbidding lap which suggested a spanking.

Sammy was promptly taken to task and stood for a moment looking thoroughly miserable. Suddenly he brightened up, and started to leave the room.

"Here, sir! Where are you going?" demanded his mother.

"I guess," answered Sammy, holding steadfastly on his way. "I'll go and shut myself up in the closet."

### No Escape

Mrs. Smith found herself for the first time without a cook. She had paid the highest wages and suffered patiently from their carelessness and caprice. After preparing several meals with her own fair hands and gaining confidence in the art she approached her husband with a brilliant proposition. "What do you say, dear," she began, "if we do without a cook and I keep the money for my very self. Suppose I cook for one month, what will I get?"

"Well," said the brute of a husband, "by the end of one month you will get one of those long crepe vells."—New York Herald.

### Bishops Don't Do So

A friend of the late Father Tabbs said in Elliott City:

"This fine poet and good man thought that class hatred was due to ignorance—that the rich knew too little of the poor, and vice versa."

"He once illustrated this ignorance with the story of a Methodist bishop's wife who addressed a meeting of slum housewives on their home duties. The address made the home life seem all very fine and ideal, but one housewife voiced the opinion of the rest perhaps when she said to her neighbors, with a sniff:

"She's all right as far as she goes, but what I'd like to ask her is this: What does she do when her old bishop comes home on pay night with his envelope empty and figgin' jag on?"—Washington Star.

### Too Much Hustle

Senator Tillman, discussing railway wrecks, said:

"There is, I think, too much hustle, too much hurry, about some of our railroads. Their hustle, when we turn to the year's unpardonable casualties, seems as indecent as the St. Taylor case."

"At St. Taylor's funeral the doctor and the undertaker were conversing in low tones.

"Too bad," said the undertaker, "that poor St.'s wife wasn't with him when he passed away. How did it happen?"

"Mrs. Taylor," the doctor whispered, "was uptown at the time ordering her mourning outfit."

The undertaker, with a bitter smile, turned away to supervise the funeral procession.

"Hold on, gentlemen; this won't do," he said sternly. "Where is the sixth pallbearer?"

"He's upstairs," another pallbearer explained, "proposing to the widow."—Washington Star.

"Gladys, you are spoiling your dolls!"

"No, mamma; I am painting its cheeks with the same color you use."—Judge.

### Squeezed Him

In a suit tried in a Virginia town a young lawyer was addressing the jury on a point of law when good naturedly he turned to opposing counsel, a man of much experience, and asked:

"That's right, I believe. Col. Hopkins?"

Whereupon Hopkins, with a smile of conscious superiority, replied:

"Sir, I have an office in Richmond where I shall be delighted to enlighten you on any point of law for a consideration."

The youthful attorney, not in the least abashed, took from his pocket a half dollar piece, which he offered to Col. Hopkins, with this remark:

"No time like the present. Take this, sir; tell us what you know and give me the change."—Pittsburg Chronicle-Telegraph.

She went on at last in a voice icy cold. "I fled one night, back to Hungary. For a month they could not find me. I was still young. I saw my people then as I had not before. I saw also the monarchies of Europe. Ah, now I knew what oppression meant! Now I knew what class distinction and special privileges meant! I saw what ruin it was spelling for our country—what it was spelling for your country—what it will spell for your country, if they ever come to rule here. Ah, then that dream came to me which had come to my father, that beautiful dream which justified me in everything I did. My friend, can it—can it in part justify me—now?"

"For the first time, then, I resolved to live! I have loved my father ever since that time. I pledged myself to continue that work which he had undertaken! I pledged myself to better the condition of humanity if I might."

"There was no hope for me. I was condemned and ruined as it was. My life was gone. Such as I had left, that I resolved to give to what shall we call it?—the idea democracy."

"Now, may God rest my mother's soul, and mine also, so that some time I may see her in another world—pray I may be good enough for that some time. I have not been sweet and sinless as was my mother. Fate laid a heavier burden upon me. But what remained with me throughout was the idea which my father had bequeathed me."

"Ah, but also that beauty and sweetness and loyalty which came to you from your mother," I insisted.

She shook her head. "Wait!" she said. "Now they pursued me as though I had been a criminal, and they took me back—horsesmen about me who did as they liked. I was, I say, a sacrifice. News of this came to that man who was my husband. They shamed him into fighting. He had not the courage of the nobles left. But he heard of one nobleman against whom he had a special grudge; and him one night, foully and unfairly, he murdered."

"News of that came to the emperor. My husband was tried, and the case being well known to the public, it was necessary to convict him for the sake of example. Then, on the day set for his beheading, the emperor reprieved him. The hour for the execution passed, and, being now

"The Power of the Press" Manifested in a Community Where Kidney and Bladder Disorders Prevailed Owing to Contaminated Water.

Paper Published Free Prescription Which Attained Gratifying Results.

In an eastern city of over one hundred thousand population, nearly every case of kidney disease has disappeared and physicians marvel at the "power of the press."

It seems that the local paper copied a prescription said to be used by a German specialist with great success in the treatment of kidney and bladder derangements. Such magnificent results attended the publication that the paper continued it week after week, giving the symptoms and prescription as follows: Deranged kidneys and bladder are indicated by dry parched skin, hot and cold sensations, frequent burning or scanty urination, (especially at night), with bad odor, tender spots in back, loss of weight, morning weariness, swollen feet and ankles, backache, headache, inflamed eyes, etc.

Any or all indicate trouble, misery and danger. This prescription can be filled by any well stocked druggist: Fluid extract buchu 1 oz., compound fluid balmwort 1 oz., and syrup sarsaparilla compound 4 ozs. Shake well and take a teaspoonful before or after meals and one when retiring.

No one ever fails to get benefit and everybody who has used it praises it above anything else.

free for the time, he fled the country. He went to Africa, and there he so disgraced the state that bore him that of late times I hear he has been sent for to come back to Austria. Even yet the emperor may suspend the reprieve and send him to the block for his ancient crime. If he had a thousand heads, he could not atone for the worse crimes he had done!

"But of him, and of his end, I know nothing. So, now, you see, I was and am wed, and yet am not wed, and never was. I do not know what I am, nor who I am. After all, I can not tell you who I am, or what I am, because I myself do not know."

"It was now no longer safe for me in my own country. They would not let me go to my father any more. As for him, he went on with his studies, some part of his mind being bright and clear. They did not wish him about the court now. All these matters were to be hushed up. The court of England began to take cognizance of these things. Our government was scandalized. They sent my father, on pretext of scientific errands, into one country and another—to Sweden, to England, to Africa, at last to America. Thus it happened that you met him. You must both have been very near to meeting me in Montreal. It was fate, as we of Hungary would say."

"As for me, I was no mere hare-brained radical. I did not go to Russia, did not join the revolutionary circle of Paris, did not yet seek out Prussia. That is folly. My father was right. It must be the years, it must be the good heritage, it must be the good environment, it must be even opportunity for all, which alone can produce good human beings! In short, believe me, a victim, the hope of the world is in a real democracy. Slowly, gradually, I was coming to believe that."

She paused a moment. "Then, one time, Monsieur, I met you, here in this very room! God pity me! You were the first man I had ever seen. God pity me!—I believe I loved you—that night, that very first night! We are friends. We are brave. You are man and gentleman, so I may say that, now. I am no longer woman. I am but sacrifice."

"Opportunity must exist, open and free for all the world," she went on, not looking at me more than I could now at her. "I have set my life to prove this thing. When I came here to this America—out of pique, out of a love for adventure, out of sheer daring and exultation in imposture—then I saw why I was born, for what purpose! It was to do such work as I might to prove the theory of my father, and to justify the life of my mother. For that thing I was born. For that thing I have been damned in the life to come, unless I can make some great atonement. For these I suffer and shall always suffer. But what of that? There must always be a sacrifice."

"The unspeakable tragedy of her voice cut to my soul. 'But listen!' I broke out. 'You are young. You are free. All the world is before you. You can have anything you like.'"

"Ah, do not talk to me of that," she exclaimed imperiously. "Do not tempt me to attempt the deceit of myself! I made myself as I am, long ago. I did not love. I did not know it. As to marriage, I did not need it. I had abundant means without. I was in the upper ranks of society. I was there; I was classified; I lived with them. But always I had my purposes, my plans. For them I paid, paid, paid, as a woman must, with—what a woman has."

"But now, I am far ahead of my story. Let me bring it on. I went to Paris. I have sown some seeds of venom, some seeds of revolution, in one place or another in Europe in my time. Ah, it works; it will go! Here and there I have cost a human life. Here and there work was to be done which I disliked; but I did it. Misguided, uncared for, misshapen as I had been—well, as I said, I went to Paris."

"Ah, sir, will you not, too, leave the room, and let me tell on this story to myself, to my own soul? It is fitter for my confessor than for you."

"Let me, then, be your confessor!" said I. "Forget! Forget! You have not been this which you say. Do I not know?"

"No, you do not know. Well, let me. Let me go on! I say I went to Paris. I was close to the throne of France. That little Duke of Orleans, son of Louis Philippe, was a puppet in my hands. Oh, I do not doubt I did mischief in that court."

or at least if I failed it was through no lack of effort! I was called there 'America Vespucci.' They thought me Italian! At last they came to know who I was. They dared not make open rupture in the face of the courts of Europe. Certain of their high officials came to me and my young Duke of Orleans. They asked me to leave Paris. They did not command it—the Duke of Orleans cared for that part of it. But they requested me outside—not in his presence. They offered me a price, a bribe—such an offering as would, I fancied, leave me free to pursue my own ideas in my own fashion and in any corner of the world. You have perhaps seen some of my little fancies. I imagined that love and happiness were never for me—only ambition and unrest. With these goes luxury, sometimes. At least this sort of personal liberty was offered me—the price of leaving Paris, and leaving the son of Louis Philippe to his own devices. I did so."

• The Quickest and Simplest Cough Cure  
• • • • •

Better than all the cough medicines you could buy, and far less expensive, is a simple remedy that you can make at home in five minutes. A whole pint of it—enough to last a family a long time—costs only 54 cents. It is pleasant to take—children like it.

It will usually conquer a deep-seated cough in twenty-four hours. Two or three doses overcome an ordinary cough. It is also splendid for colds, bronchitis, incipient lung trouble, whooping cough, etc.

Granulated Sugar Syrup . . . 13 1/2 oz. Pinex . . . . . 2 1/2 oz.

Take a pint of Granulated Sugar, add 1/2 pint of warm water and stir about 2 minutes. Put the 2 1/2 ounces Pinex in a pint bottle and fill up with the syrup. Take a teaspoonful every one, two or three hours.

Granulated Sugar Syrup is a simple but excellent sedative. Pinex is the most valuable concentrated compound of Norway White Pine Extract, and is rich in all the medicinal elements of the pine. None of the weaker pine preparations compare with the real Pinex itself. All druggists have it or will get it if requested.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

## UNEARTH THEFTS AND MANY LEAKS

Saving to City will More than Pay Expense of the Water Probe, Says Mr. Day

That the investigation which is now being made of the city water department by canvassers throughout the city will develop more than enough "leaks" and thefts to pay all the expenses is the opinion expressed this morning by President James T. Day of the board of public works.

"I estimate we will uncover \$1,000 or \$1,200 now being lost through leaks and thefts. In many instances canvassers have found connections which are left running while the water is paid for at a flat rate, other places, baths and toilets have been installed without report and in some cases additions made to the houses. We expect to have a better grasp on the water proposition when we finish this probe, and hereafter people will get what they pay for and pay for what they get."

## COURT ACQUITS "LARRY" DUGAN

Judge Brindley Decides Evidence Is Too Conflicting to Warrant Conviction

After hearing the case of Otto Larson against Police Captain "Larry" Dugan yesterday afternoon before a crowded court room, in which Dugan was charged with assaulting Larson when the latter was arrested on a charge of drunkenness and demanded to count the money taken from him, Judge Brindley discharged Dugan. The police testified to one thing and the prosecution witnesses to directly the opposite, so that the court announced the evidence was so conflicting he could not find legal grounds upon which to declare the policeman guilty.

Policemen Groeschner, Dennison and Dugan joined in denying that Dugan struck Larson, Dugan claiming he only pushed him away, when he tried to count the money he had removed from his pockets. Both other policemen swore to what Dugan did, and Groeschner denied that he had said, "If that ain't enough, I'll give you another one," after Dugan had struck the prisoner. Groeschner and Dennison were the two patrolmen who arrested Larson and took him to the station. Dugan testified on the stand that the police never let anyone count the money that was taken from them after arrest, and said they never gave a receipt for it. He said Larson's insistence for a receipt and then to count his cash was why he had to push him away with the flat of his hand.

An entirely different story was told, however, by witnesses for the prosecution. Larson and Alfred Beck, who was with him, testified positively that Dugan struck Larson a hard blow on the side of the head, and that he did not push him as claimed by the policeman. They also testified that Groeschner said, "If that ain't enough, I'll give you another," after Dugan struck the prisoner.

A disinterested witness was John George, who was passing the Hotel La Crosse when the arrest was made. He testified that out of curiosity he followed the policemen and Larson to the station and through the windows he saw Captain Dugan rise from his chair and appear to strike Larson a blow in the face, although he could not be sure whether he used his fist or only pushed him. The police seeing him then drew the curtains and he saw no more.

Questioned by Attorney A. E. Bleekman, representing Larson, Capt. Dugan denied that police officers frequented saloons or ever drank while on duty, that he himself drank while on duty, or that he had been drinking that night. He denied having frequented several saloons mentioned by the attorney.

## OYEN DECORATES NEW ELKS' CLUB

The Odin J. Oyen interior decorating firm today shipped to Billings, Mont., sketches of the interior decorations for the new \$125,000 Elks' club being erected there.

This club is to eclipse anything west of New York in luxury and will be one of the finest furnished institutions in the country.

The decorations, as planned by the Oyen company, embody every feature necessary to making a club home-like and attractive, and the sketches are works of art.

The reception room is luxuriant, the walls being hung with tapestries. The buffet is to be finished in circassian walnut with Scotch designs and inscriptions.

The Rathskeller, which is to be on the ground floor, is typical German, and German tile are placed in panels about the room.

The dining room is typical English and the decorations depict the hunt.

The ladies' reception room, devoted to the use of ladies exclusively, is to be a feature of the new club, and the decorations are delicate and slightly.

The lodge room is perhaps the finest in the country. To the right and above the station of the exalted ruler is to be an immense picture, showing the four phases of the order—Charity, Justice, Brotherly Love and Fidelity.

Odin J. Oyen returned from Billings yesterday and on his way back secured the contract for decorating the new court house at International Falls, Minn.

The Oyen company is gaining prominence in the decorative world and at present is carrying on jobs in various parts of the country. A church at Woodstock, Ill., is being decorated by the La Crosse firm; a new bank at Aberdeen, S. D., will bear the Oyen decorations, and the contract for decorating a new church at Waupun has been awarded the Oyens.

## PLENTY OF POISON IN SWOPE STOMACH

KANSAS CITY, Mo., Feb. 1.—“The Chicago scientists already have found poison in the stomachs of the Swopes and plenty of it and they are not through yet,” said Dr. B. H. Stewart, coroner, this morning, upon his return from Chicago. “The report we received from Doctors Hektoen, Haines and Vaughan, yesterday in Chicago was but a partial one and by no means a formal report but it contained enough conclusively to show that poison was found and the state will now go ahead.”

The inquest will not begin before next Monday.

## “GEE, ISN'T HE GETTING ME CHEAP?”

## Foreign Hair Critics.

Shrewd foreign observers have remarked that if the American woman of middle age would spend a fraction as much money on her hair as she does on her boots and bosiery she would be the most striking creature in the world. In France and England the first gray hair is a tragedy, and to avert this tragedy as long as possible is a matter of vital and absorbing moment. When attacked with prompt action, however, this tragic army may be utterly routed or its onslaught at least postponed. Nearly all druggists nowadays carry in stock or can promptly get HAY'S HAIR HEALTH, which is the recognized antidote for prematurely gray hair. It is well to avoid unknown and untested remedies claiming to be just as good as HAY'S HAIR HEALTH. Many of these preparations are distinctly harmful, and their only excuse for being is to trade on the twenty years' reputation and good-will that HAY'S HAIR HEALTH has earned by reason of its remarkable efficacy when applied in time. It costs only 50c. or a dollar for a bottle. At druggists or from the manufacturer, Philo Hay Specialties Co., Newark, N. J., U. S. A.

## TRIBUTES PAID MISS BRADLEY

Many Friends From Other Cities Attend Funeral of Popular West Salem Girl

WEST SALEM, Wis., Feb. 1.—(Special.)—Scores of friends from West Salem and other cities today paid their last tribute to Miss Cornelia Bradley, daughter of William Bradley, whose funeral was held at the Presbyterian church at 1 o'clock.

Rev. Samuel McKee, who delivered the funeral oration paid a beautiful compliment to the high character and attainments of the young woman, who was called away just as she was budding into womanhood.

The floral offerings were profuse and beautiful, many being sent from other cities. Among the notable pieces were two pillows, a lyre, a wreath, a broken wheel, an anchor, and dozens and dozens of roses, carnations and lilies in pink, red and white.

There were large numbers of mourners from out of the city, including: Richard Bradley, Water town, S. D.; Clara and Lynn Gullickson, Minneapolis; Agnes Johnson, Milwaukee; Miss Alvord, dean of Chadbourne hall and Miss Sauer, Madison; Mr. and Mrs. Frank Bradley, Mr. and Mrs. Clark Bradley, Miss Crice, Mrs. Williams and Mrs. Cass of Bangor; Sen. and Mrs. Tom Morris and daughter Kathryn, Mr. and Mrs. Fred Hell, Mrs. Walker and daughter Frankie, Ethel Olberg, Arthur Schwalbe, Rhiney Schultz, Ruth Leisnering, Hazel Velts, Clarence Johnson, Clarence Reid, Mr. and Mrs. T. J. Farlan and county officials of La Crosse; Mr. and Mrs. David Hemstock and Mr. and Mrs. Will Hemstock and A. F. Ross of Sparta.

The pallbearers were, active: Elmer Kuehn, Herman Sanders, Angus Johnson, Lynn Gullickson, Ed. Norris, Arthur Schwalbe, Fred Sprain and Charles Casperline, honorary: Edna Kuehn, Bessie and Clara Gullickson, Rachael McDowell, Ollie Cook, Jennie Dudley, Ethel Olberg, Frankie Walker, Alice Gahl and Helen Taylor.

The funeral cortege wended its way to the town of Burns cemetery where Miss Bradley's mother is buried, where the remains were laid in their last sad repose.

## TEXAS LAND CASE IS BEFORE COURT

In circuit court today before Judge Wickham of Eau Claire, who is hearing the cases in which Judge E. C. Higbee was interested before he was appointed to the bench, the action of August Maloney against J. W. Head and others is being heard. The entire morning was spent in the taking of testimony and at the time of going to press the case is still being argued. The action is brought to recover on some Texas lands sold by the defendant to the plaintiff, J. E. Higbee is appearing for the plaintiff, and George W. Bunge and Geo. H. Gordon for the defense.

PITTSBURG, Pa., Feb. 1.—Even the messenger boys are to be included in the merger of the telegraph and telephone interests of the country and the next step in the consolidation of these interests will be the taking over the American District Telegraph Co. of New York by the American Telephone and Telegraph Co., according to a well defined rumor in Pittsburgh financial circles today.

## LARSON CASE ON TRIAL TODAY

At the time of going to press witnesses were being examined in Judge Cronon's court in the case of the city against Otto Larson, charged with being drunk and disorderly. Larson was represented in court by Attorneys Bleekman and A. C. Wolfe.

## FUNERAL OF MRS. CLINTON THURSDAY

Funeral services for Mrs. A. T. Clinton will be held Thursday afternoon at 2 o'clock at the Christ Episcopal church. The remains can be viewed at the residence of A. M. Watson, 724 King street, from 11 until noon.

## PHIPPS WILL NOT BE RECONCILED

NEW YORK, Feb. 1.—The rumor of a reconciliation between Mr. and Mrs. Lawrence Phipps, the wealthy Pittsburgh couple, was dissipated today when Mrs. Phipps arrived in New York from Pittsburgh and denied that she had any intention of returning to her husband.

## FIRE IS FATAL TO SIX.

SCRANTON, Pa., Feb. 1.—Three are dead and six seriously burned as a result of a fire which destroyed the home of Patrick Joyce, in Minooka, a suburb, at an early hour yesterday morning.

The dead: Mrs. Patrick Joyce, 55; Mary Sweeney, 1, granddaughter of Mrs. Joyce; Miss Mamie Joyce, 21, daughter.

The seriously burned: Mr. and Mrs. Michael Sweeney, daughter and son-in-law of Mrs. Joyce; Martin Joyce, Thomas Joyce, Peter Joyce, John Joyce, sons.

The origin of the fire is unknown.

## MRS. SULLIVAN'S TERRIBLE WEAKNESS

Was the Cause of Much Suffering, that Cardui, the Woman's Tonic Finally Relieved

Pavilion, Mich.—“As a result of serious female complaint, occurring every two weeks,” writes Mrs. William Sullivan, of Pavilion, Mich., “I became so weak that I could hardly get around.”

“I took five bottles of Cardui, and it straightened me up, right away. I hope this letter will induce some suffering lady to take Cardui.”

The reasons why you should take Cardui, are not far to seek.

First, it is gentle, safe, reliable.

Second, it is purely vegetable and contains no dangerous minerals or habit-forming drugs.

Third, it is a tonic, prepared especially for the use of weak women.

Fourth, it is a specific remedy for women's many ailments.

Fifth, it is easy to take, obtainable in any drug store, with full instructions for use, inside the wrapper.

Sixth, a successful record of over half a century, proves that Cardui has real merit behind it and has stood the greatest of all tests—the test of time.

Be sure to ask for it, at your druggist's, today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, “Home Treatment for Women,” sent in plain wrapper, on request.

## MOORE BUYS THE CARGILL COAL CO.

Associated with P. J. Yerly of Minneapolis He Arranges to Incorporate Known Coal House

Capt. John G. Moore and P. J. Yerly have purchased the Cargill Coal company, and will continue its business in La Crosse.

“The Cargill Coal company” was merely a trade name, but now the business will be incorporated under the old style, the management being the same with the exception of the acquisition of the services of Mr. Yerly. The capital stock will be \$25,000.

The sale includes the title, good will and equipment of the old Cargill company, the latter consisting of extensive property. It has coal sheds at the Green Bay and Milwaukee depots on the South side, and at the Burlington and Milwaukee on the North side, the two sheds at the South side Milwaukee yards probably being the largest retail sheds west of Chicago.

The company will continue its general business with particular attention to extending its wholesale trade which, owing to its storage capacity, has grown rapidly.

Mr. Yerly has been associated for many years with the Wilmington Star Mining company of Chicago, and has had headquarters in Minneapolis. He is no stranger to La Crosse, having made the city frequently during the past five years.

Capt. Moore has been manager of the Cargill Coal company for more than six years, and has a wide and popular acquaintance in the community.

## SENATOR THOMPSON TO QUIT SENATE

SAN ANTONIO, Texas, Feb. 1.—United States Senator Fountain L. Thompson of North Dakota arrived here today and announced his resignation from the United States senate. He has forwarded his resignation to the governor of North Dakota. His health is given as his cause for retiring.

Senator Thompson is a democrat and was appointed to fill the vacancy caused by the death of Martin N. Johnson. His home is in Cando, N. D.

## DIAMONDS

Assuredly there will never be a better time for buying diamonds than right now. Values are still steadily on the rise. The stone you can buy today will cost you a great deal more a year from now.

We are especially fortunate in having an assortment of fine stones. Paying cash prices, purchasing good qualities, and the making of careful selection, gave us a marked advantage, and we pass it on to you with unusual values. You know our record for high class methods—the kind of record worth while—and we believe you will especially appreciate it when you have diamonds to buy.

## PINCHOT A HERO SAYS EDUCATOR

Prof. Hatch of University of Wisconsin Says School Has Little Use for Mr. Ballinger

“Gifford Pinchot, deposed chief of the United States forestry department, is a hero in the eyes of the people connected with the university of Wisconsin,” declared Professor K. L. Hatch, secretary of the agricultural extension department at the university of Wisconsin.

“The members of the faculty at Madison,” said Prof. Hatch in an interview with The Tribune, “believe that whatever Pinchot did that seemed to usurp the authority of the men higher up was done by him in the interests of the people.”

He declared that Secretary of the Interior Ballinger had but little sympathy coming from around the university and Madison and said that the recent speech of Roosevelt's Interior department head, Garfield, was enthusiastically received there.

“The sentiment of the Roosevelt administration,” he said, “was made plain by Garfield when he took for the text of his speech at the university ‘Is the withdrawal of public lands from entry in the public interest and if so is there a law against executive action?’”

“Ballinger claimed Mr. Garfield goes on the theory ‘Is the withdrawal of the lands from entry in the public interest and if so is there any law authorizing executive action?’ Roosevelt wanted to know if executive action was prohibited while Ballinger and the Taft administration make it plain that they have to be shown a law authorizing executive action.”

Anarchy Talk Hot Air

Professor Hatch maintains that the greater portion of the Emma Goldman controversy at the university is press “hot air,” but admits that there was some “feeling.”

He says that Prof. Prokosh of the German department, denies the report that he invited Emma Goldman to spend the summer with him. Prof. Ross, he says, has no interest in the socialistic movement other than that of a man whose life work is devoted to the study of political economy and socialistic problems as they affect the country.

“Prof. Ross did not grant her the use of a room in the ‘U’ as reported,” says Prof. Hatch. “The room she used was in the Y. M. C. A. building. It is true that Ross announced her speech before his classes and resented the work of Madison women in tearing down the posters announcing her speech.”

## GOVERNOR RESENTS WATERWAY KNOCK

SPRINGFIELD, Ill., Feb. 1.—Governor Deneen is greatly nettled by the newspaper reports of the speech made by former Lieutenant Governor L. V. Sherman in New York at the annual banquet of the Automobile Club of America last night, in which Mr. Sherman declared that good roads are more important in Illinois than deep waterways.

The governor, however, would make no statement except to say that the views of Mr. Sherman are not the views of the administration.

The attack on waterways is regretted because it comes from a man so close to the administration, who holds one of the important positions under the state government.

## PAULHAN TO FLY HIGHEST TODAY

DENVER, Colo., Feb. 1.—Louis Paulhan, the man-bird of France, arrived in Denver today and will make exhibition flights at Overland Park late today and tomorrow.

Paulhan is deeply interested in his proposed exhibitions here, as he will be starting at an altitude of 5,000 feet, the point where he stopped when he broke the world's high flight record at Los Angeles.

## NEW YORKER SURE CITY MAN

NEW YORK, Feb. 1.—The funeral of Richard Lee will take place tomorrow from the Elizabeth Street home in which he was born 86 years ago.

Lee never went beyond the city limits of New York although he enjoyed the best of health until a few days before his death.

## BREWER BLAMES COURT

NEW YORK, Feb. 1.—David Josiah Brewer, associate justice of the supreme court of the United States, in an interview upholds the critics who attack the delays in court procedures and the cost of litigation. “Our courts trifle with justice by permitting delay after delay upon mere technicalities,” he said.

NOTABLES TO WED  
CHICAGO, Feb. 1.—Miss Electra Havemeyer, heiress to a \$20,000,000 estate, and James Watson Webb, grandson of the late W. H. Vanderbilt, announcement of whose engagement was made several weeks ago in New York, are “flat” hunting in Chicago today. The marriage is set for Feb. 8 in New York.

JACK JOHNSON INDICTED  
NEW YORK, Feb. 1.—Jack Johnson, the heavyweight champion, was this afternoon indicted by the grand jury on the charge of assault in the second degree. The complainant was Norman Pinder, a consumptive negro, who declared he was beaten up by Johnson in a negro saloon about ten days ago because he would not buy wine for the burly champion.

## NEW RICHMOND MAY AGAIN BOOZE

Supreme Court Today Declares that Recent Election Is Null and Void on Small Technicality

MADISON, Wis., Feb. 1.—(Special.)—According to a decision from the supreme court made today at Madison, the recent election on the license question held at New Richmond, Wis., by which the town of New Richmond was declared “dry” is declared null and void and license is again permissible in that town.

Supreme court decisions as made today are as follows:

No. 11—Louie Oigny and H. C. Hanson, plaintiffs and appellants, vs. the mayor and common council of New Richmond. Affirmed.

This was an appeal from the circuit court for St. Croix county, which sustained the demurrer of the defense to the plea that a license election was illegal and void, principally because the official notice of election stated that the polls would close at 5 o'clock, whereas they stayed open until 6 o'clock. The license element lost the election by three votes and in their suit to set aside the election set forth that there were a number of persons who would have voted had they known that the polls would not close until 6 o'clock and been misled by the notice.

State No. 6—William MacLaren, plaintiff and appellant, vs. State of Wisconsin. Affirmed.

This case is an appeal from the municipal court, in which the defendant was convicted and fined \$300 (in default 60 days in the house of correction) for maintaining a banking business as general manager of Gimbel Brothers' store in Milwaukee. MacLaren's appeal was on the general ground of unconstitutionality, “and federal.”

No. 5—W. H. Reed et al., plaintiffs and appellants, vs. M. C. Bergh, state banking commissioner, and District Attorney Severson of Waupaca county. Affirmed.

No. 14—State of Wisconsin, plaintiff and respondent, vs. Columbian National Life Insurance company, defendant and appellant. Reversed.

## RESCUERS WORK TO AID ENTOMBED

(Continued from page 1.)

tears came and her only words as she kept her lonely vigil were: “My Bambino.”

An American woman tried to comfort her but she shook her head. Her husband was in the mine. A year ago she came to America to join the young man who for three years had saved while he toiled in the black hole which was to become his grave.

A Slav mother with five children at her skirts pressed against the ropes.

## Miraculous Escape

One of the miracles of the disaster was the escape of John Graef. He was seated on a rock just above the mouth of the mine when the torrent of flame, smoke, and rock belched forth. He was hurled 100 feet in the air over a network of wires and landed 200 feet away with no injury other than a few bruises.

A man to whom he had been talking was decapitated.

Opinion among some of the miners employed on the day shift is that the explosion was caused by giant powder.

## STATE BOARD ELECTS WITHOUT SQUABBLE

MADISON, Wis., Feb. 1.—(Special.)—The squabble forecast for today's meeting of the state board of agriculture relative to the election of officers failed to develop and this morning's session proved highly harmonious. Officers were chosen as follows:

President—George McKerrow, Pawnee.

Vice president—George G. Cox, Mineral Point.

Secretary—John M. True, Baraboo.

The following will act as the board managers of the state fair: J. J. Nelson, Amherst; C. L. Hill, Rosendale; George Wylie, Morrisville.

The position of superintendent of promotion and publicity formerly held by William McLaren was left open.

## BOY SENT AWAY

Clayton Blanchard, 14, who admitted in court to his grandmother of the north side that he was incorrigible, was sent to the Waukesha industrial school today by Judge Brindley. He is an orphan.

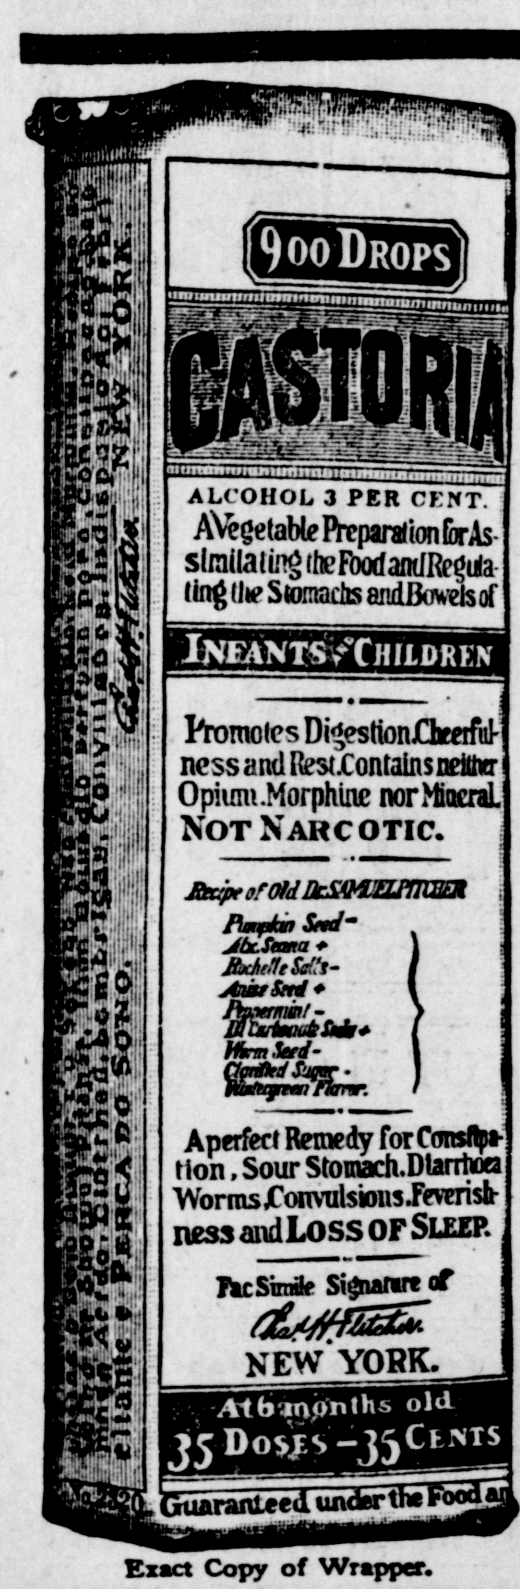

## MAYOR GETS PICKPOCKET

ST. LOUIS, Mo., Feb. 1.—M. W. Elwell, mayor of Dyersburg, Tenn., won a 20 minute foot race with an alleged pickpocket today, overpowered and captured him without the aid of a policeman while the crowd watched the race and cheered.

## NEGLECT OF THE EYES

Is proving that numberless diseases, some of them very serious, have their beginning in eyestrain. Headache, and following that, we have all the nervous diseases to which mankind is heir. Widespread interest is now being taken in the matter of eyesight of school children. Our examinations are thorough and our prices moderate and our goods the best quality.

## ASK MEAT TRUST DISSOLUTION NOW

Government will Proceed Through Mr. Pagan to Put National Packing Company Out of Business

CHICAGO, Feb. 1.—Within three days Assistant Attorney General Oliver E. Pagan will file in the federal courts here a petition in chancery asking for the dissolution of the National Packing Company, as an illegal combination in restraint of trade. The petition will demand the former revocation of the company's charter, the liquidation of its assets and the payment to the stockholders of their pro-rata investment in the enterprise.

This became known today when Pagan issued a denial of the reports that he would return to Washington today. It is now expected that he will be here for a month at least and may remain indefinitely.

Pagan's petition will be sent to Washington for the approval of the attorney general and if endorsed will be immediately filed. It is expected the government will take the same steps in regard to this petition that it took in the Standard Oil dissolution case. In examining old grand jury records today the federal authorities discovered that one of the indictments returned against the packers during the first inquiry is still in effect never having been quashed. The government will not use this indictment in the present inquiry, however.

Congress has attacked the “white slave” traffic. Oh, well, some brute will invent some other kind of slavery.

## RELIEVE Neuralgia

“I have awful spells of Neuralgia and have doctored a great deal without getting much benefit. For the last two years I have been taking Dr. Miles' Anti-Pain Pills and they always relieve me. I have been so bad with Neuralgia that I sometimes thought I would go crazy. Sometimes it is necessary to take two of them, but never more, and they are sure to relieve me.” MRS. FERRIER, 2434 Lynn St., Lincoln, Neb.

Sold by druggists everywhere, who are authorized to return price of first package if they fail to benefit.

## CHURCH WEDDING AT LA CRESCENT

A pretty church wedding occurred at the La Crescent Catholic church Wednesday morning at 8 o'clock.

Jan. 26, when Marguerite Paul, youngest daughter of Mr. and Mrs. Michael Shannon, became the bride of Joseph Baumgarten, son of Mr. and Mrs. Felix Baumgarten, La Crescent.

The high mass service was used by Rev. Henry Dolle who performed the ceremony.

The Shannon home had been handsomely decorated in red, white and bride's roses.

As the wedding party entered the church a wedding march was played by Miss Post of La Crescent.

The bride was handsomely gowned in white satin trimmed with white lace and carried a bouquet of white roses. She was attended by Miss Stringer of La Crescent, who always relieves me. I have been so bad with Neuralgia that I sometimes thought I would go crazy. Sometimes it is necessary to take two of them, but never more, and they are sure to relieve me.” MRS. FERRIER, 2434 Lynn St., Lincoln, Neb.

Following the ceremony a wedding feast was served to about thirty. Mr. and Mrs. Baumgarten left on the noon train for Chicago and Milwaukee on a brief honeymoon.

A valentine factory in Worcester, Mass., was burned at a loss of \$200,000. However, the owners' loss was the letter carriers' gain.

### JEFFRIES WILL TOUR THE WORLD

Frazee Says Either This at \$1,000 per Week or Sum of \$150,000 if He Knocks Out Negro

CHICAGO, Feb. 1.—If James J. Jeffries will knock out Jack Johnson in their fight on July 4 next he will start a few days later on a tour of the world which is guaranteed in advance to net him \$150,000 above expenses.

This is the announcement made today by H. N. Frazee, the theatrical manager who is backing the present tour of the Californian. According to Frazee, the troupe that would accompany Jeffries on such a tour would be the most brilliant gathering of athletes that ever traveled together. It would include James J. Corbett, Stanley Ketchel, Battling Nelson and Frank Gotch, not to mention Dr. Roller and "Farmer" Burns.

Frazee says the tour is entirely contingent on a victory by Jeffries in the Johnson fight. Therefore it is pointed out inasmuch as a fortune awaits him if he wins, it is a certainty that the Californian will knock the black man out if he possibly can.

According to Frazee, Jeffries can have his choice of two guarantees—\$150,000 in a lump sum or a guarantee of \$1,000 a week and 50 per cent of the profits during the tour.

The trip would start July 8 and would extend over ten months. Sixty days would be devoted to the United States and Canadian cities with 40 days to the British Isles. Then the troupe would go eastward through France, Germany, Russia, Turkey, China, Japan, South Africa, Australia and the Philippines. Jeffries stipulates that he must be allowed a vacation of 30 days in South Africa to give him a chance to hunt big game. In Australia 45 days will be spent.

Frazee figures that it will take just ten months to make the tour. He leaves for New York tomorrow to induce James J. Corbett to sign up with the troupe.

### A FACT PROVEN

Should Convince Even the Most Skeptical of its Truth

If there is the slightest doubt in the mind of any that dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six week's time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Hoeschler Bros., special agents.

### LIESE TRADED BY CUBS FOR BEAUMONT

CHICAGO, Feb. 1.—President Murphy of the Chicago Cubs announced today that Clarence Beaumont, outfielder of the Boston Nationals had been secured by the Cubs in exchange for Fred Liese, a recruit pitcher and outfielder. Beaumont when he was with Pittsburgh was one of the greatest outfielders in the country. He is popularly believed to be "going back" but Manager Chance of the Cubs did not believe this and was anxious to get Beaumont's service.

Fred Liese is well known to fans in this city having played here with the Madison team of the Wisconsin-Illinois league, when this city had a franchise in that organization.

### MISS JONAS HAS SPLENDID RECORD

Miss Edith Jonas of Boston, Mass., who arrived in La Crosse Monday as physical instructor for the high school girls, is recognized as one of the leading exponents of this branch of education, and stood very high in the city she has just left, where physical culture is considered an important part of the education of the children.

Miss Jonas is a graduate of Dean college, and while there was captain of the girls' basketball team, which was one of the best girls' teams in the state. She also stood high in the academic courses. She afterward graduated from the Sargent normal school of physical training and one year was president of her class, which is considered a high honor, and is generally accorded to the most popular girl in the class. Following her graduation she taught in the same school, besides giving instruction in the schools and in the Boston Y. W. C. A.

She has given the greatest of satisfaction in all of the positions she has occupied and has been considered one of the ablest exponents of physical culture for young ladies in Boston, where this branch of education is highly regarded.

# WOODBURY writes about His Famous HAIR TONIC

Extract from an article written by the Master Dermatologist when Woodbury's combination Hair and Scalp Treatment was first successfully prepared for Home Use.

"The formula under which this Hair Tonic is made was tested and improved for over thirty-five years before a bottle was sold through the stores."

"For over thirty-five years this Tonic has been used in the enormous practice of John H. Woodbury's Dermatological Institute."

"Millions of cases were treated, and after their cure the patients continued the use of this Tonic as a delightful refreshment to the scalp."

If you don't see Woodbury's face on the label it's an imitation.

and to keep the hair soft, rich and glossy."

"This necessarily meant repeated calls at the Woodbury Institute, often at the inconvenience of patients living at a distance."

"To supply this demand, and the growing call from those who had not been treated, for a Hair Tonic which was scientifically successful (not a mere commercial product) this Tonic has now been put on the market and can hereafter be had from all reputable dealers."

Now, right in your own home, you can use the preparations formerly supplied only to office patients of the Institute. No other preparations for the Hair and Scalp are backed up by the same unlimited experience. No others give such quick and such satisfactory results.

Woodbury's Hair Tonic saves the hair when all other preparations fail. It prevents dandruff; stops falling hair, and instantly relieves itching scalp. It restores the lustre to the hair; preserves its natural color; increases its vitality and makes it beautiful and abundant.

## Everyone Endorses Woodbury's

### Hair Now Growing Nicely.

My hair stopped falling out just as soon as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. It's action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,  
Mrs. JOHN F. HOWSON,

### This Specialist Uses Woodbury's

After ten years of careful study, and close observation of all conditions of the hair and scalp, I find the Woodbury method of treatment most successful of all. It is based on the most correct scientific principles. In cases of scalp disease the Woodbury preparations go right to the root of the trouble, and their curative and stimulating properties are remarkable. Am now using them exclusively in my office and the results obtained are most satisfactory.

### Quick Results Pleased Him

The dandruff and itching scalp were terrible and my hair was thinning out over the temples and at the back of my head at an alarming rate. Nothing seemed to help until I used the Woodbury remedies, but good results were then noticed from the start, and a few days later the dandruff was entirely gone and my hair began to show. What pleased me most was that results were so quick. The Woodbury Hair and Scalp Remedies certainly take the hair grow.

Yours very truly,

## Health and Beauty Talks

BY MRS. MAE MARTYN.

E. R. S.: If your hair is splitting at the ends and becoming prematurely gray, it is a sure sign of neglect. What you need is a good, nourishing quinine tonic for your hair. Dissolve one ounce of quinine in one-half pint alcohol and add one-half pint cold water. Rub this well into your scalp twice a week and it will put new life and color into your hair in a short time. I have found this quinine tonic excellent for removing dandruff, irritation of the scalp and stopping falling hair. You will find it splendid to use during the winter months, as it evaporates readily. It makes the hair glossy and will prove very refreshing to the hair and scalp.

Bertha J.: You can't expect to have a nice, rosy complexion as long as you feel so lifeless and have a poor appetite. At this time of the year you ought to be feeling splendid and looking your best. I strongly recommend a good system tonic for you. The one I always found best is made by dissolving one-half teaspoonful sugar and one ounce kaffiene in one-half pint alcohol, adding enough boiling water to make a full quart. Take a tablespoonful of this good, old-fashioned tonic before each meal and before retiring. It will tone up your system and do away with that tired feeling, putting color and life into your face. It is fine for clearing a sallow complexion, removing pimples and other skin eruptions.

Mary E. A.: I have received so many requests for a reliable, greaseless complexion cream that I will be entirely beneficial and not encourage growth of hair on the face. I will repeat the formula: Mix one ounce of alomozin with one-half pint cold water and add two teaspoonfuls glycerine. Stir and let stand for an hour or so. I have never found anything to equal alomozin jelly as an aid to beauty. It is excellent for reducing the size of large pores in the skin, for chapped hands and face, massaging, removing freckles, tan, wrinkles and blackheads. It cleans the skin from all dirt and makes it soft and velvety. Use very little soap on your face, as it dries out the skin too much. This cream will cleanse the skin much better than soap.

E. A. W.: I feel sorry for you. Where a person is as fat as yourself, it must make one feel miserable to think everyone notices your extra weight. You can easily get rid of your excess fat, even though all of

the remedies you have tried did no good. Get four ounces of paroxide from your druggist and dissolve it in a pint of hot water. Take a tablespoonful before each meal. It generally cuts down flesh rapidly and will not injure your health in any way.

G. E. A.: When you wear a veil, face powder will not help your complexion much, as it rubs off too easily. What you need is a good lotion that will not show on the skin. The next time you go to the drug store get four ounces of spumax and dissolve it in one-half pint of hot water, adding two teaspoonfuls of glycerine. This lotion will clear up and whiten your skin, make it soft and velvety and give you a beautiful complexion. It will rid your skin of that shiny, greasy, sallow look and make it appear charming and youthful. I find this excellent for cold sores, freckles and pimples. It costs very little and will protect your face from the cold winds and prove a splendid beautifier.

Emma M.: A beautiful head of hair adds so much to one's appearance that I would caution you to be more careful of your hair hereafter. You would not have to use a hair net to make your hair stay up and look nice if you took better care of it. Try shampooing your hair every two weeks with a teaspoonful of canthrox dissolved in a cup of hot water and see how bright and fluffy it will make your hair. This shampoo lathers fine, cleanses the scalp thoroughly and stops all irritation. Canthrox makes a delightful shampoo and is especially good during the winter months, as it dries quickly. You can get a canthrox shampoo at most hairdressers' if you ask for it, or you can get canthrox at your drug store and prepare the shampoo yourself at a small cost. Don't use soap on the hair. It is dangerous, as the alkali in it tends to kill the hair and causes light streaks in the hair which are so common.

A. B. M.: If your eyes lack brightness and expression, try dropping in each eye daily one or two drops of a tonic made by dissolving one ounce of cystos in a pint of water. This tonic will not smart the eyes and is excellent for weak and inflamed eyes. It strengthens the sight, while keeping the eyes clear and lustrous. This is a great help to those who wear glasses and is used constantly by many actresses and society women who pride themselves on their beautiful, sparkling eyes.

It does not necessarily follow that the one who can indite the most sentimental valentine will make the best mate.

## HIGH FINANCIER DYING IN SOUTH

The Famous Tewksbury who Set Pace in New York, Expiring from Injury and Disease

NEW ORLEANS, La., Feb. 1.—"They tell me I am dying, and maybe I am but when I go out I'm going like all the big ones go."

This is the declaration of Lewis Tewksbury, the skyrocket financier who was told at the Charity hospital today that he has no chance to live. He was unconscious all night and was revived for a few minutes early this morning and the doctors told him he must die.

Tewksbury is suffering from Bright's disease, the physicians say, and has a fractured skull. Friday he went to a shoeshining parlor and while a boy was polishing his shoes, pitched forward from the chair. It is supposed that he fainted. At first it was thought his condition was not serious but later physicians discovered that his skull was fractured as a result of the fall.

Tewksbury went to New York a few years ago and married the widow of his former partner who had \$125,000. Then he began to shine as a financier. He had been a druggist in New Hampshire. Soon after reaching New York, he essayed speculation. For a few months he set new marks in entertaining.

One day he disappeared, his creditors declaring he owed about \$400,000. He was found in Mexico but soon left there and went to London where he stayed for two years. Later he returned to the United States and was arrested in Philadelphia on complaint of his wife who alleged he had defrauded her of her fortune. Tewksbury came to New Orleans ten days ago and was a guest at the St. Charles hotel. The police endeavored to conceal his identity after the accident in the shoe shining parlor and it was not until they found he would probably die that his real name was given out.

WASHINGTON, D. C., Feb. 1.—A loss which will probably amount to hundreds of millions of dollars is the estimate of flood damage in and about Paris made by Ambassador Bacon, in dispatches received at the state department.

## GRAPPLERS MEET THURSDAY NIGHT

Ordeman of Minneapolis and Zbyszko Wrestle to a Finish; Pole Exceeds in Weight

MINNEAPOLIS, Minn., Feb. 1.—Thursday night at the Casino rina, Henry Ordeman, the local heavy-weight, goes up against a tremendous undertaking when he meets Zbyszko, the big Galician, in a finish match, best two in three falls.

The match in a way means more to Zbyszko than it does to Ordeman. The pair met a short time ago in a handicap event in which Zbyszko contracted to throw Ordeman twice in an hour. He struggled to the limit, but could not get a single fall. Ordeman stands in the way of a match between the Galician and Frank Gotch. Zyb came to America to get such a match, and if he fails to throw Ordeman will probably have to go back to Poland without meeting the title holder.

## CUE STARS START SERIES TONIGHT

CHICAGO, Feb. 1.—Calvin Demarest of Chicago and Harry Cline of Philadelphia tonight will play the first of a series of three games to determine the world's 18.2 balk line billiard title. The match will extend over three successive nights, 500 points to the game. Demarest and Cline have been giving exhibitions throughout the country. Both arrived here today.

### STORK VISITS TY COBB

AUGUSTA, Ga., Feb. 1.—Mrs. Ty Cobb, wife of Ty Cobb, the great Detroit outfielder, gave birth to a son on Monday. He was immediately christened Ty Cobb, Jr. Cobb was summoned back from a bear hunt in the canebrakes near Milledgeville, where he and Manager Stallings of the New York Americans have been for some time.

### PAGAN ALSO RECALLED

CHICAGO, Feb. 1.—Assistant Attorney general Oliver E. Pagan, who has been here for several days assisting in the prosecution of the beef trust, will return to Washington today, thus removing from the inquiry the only direct representative of Attorney General Wickersham.

Feeling here is that friction between Judge Landis and the administration is confirmed by the sudden departure of Pagan.

## FORBES VICTORIOUS IN TWO CONTESTS

Two games were played yesterday in the amateur handicap billiard tournament at the Bodega Annex, Forbes winning from Kelley and Will Ott. As Forbes has lost but one game he now looms up as a possible contender for first honors in Class A. Following are the scores:

	Hdcp.	Made.
Forbes	115	115
Kelley	120	104
Forbes	115	115
Ott	175	160

### Victim of Drink Needs Orrine

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary. Orrine will destroy the desire for liquor so that the drink will not be missed and restores the patient to health.

The remedy is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee to refund your money if it fails to effect a cure. Booklet on "How to Cure Drunkenness," free on request. The Orrine Co., 573 Orrine Bldg., Washington, D. C. Sold in this city by O. T. Erhart.

## DRILL SIGNED TO MANAGE MONMOUTH

Lou Drill, who played with Superior in this city last year has been signed to manage the Browns of Monmouth, Ill., and will bring several Superior performers of last season's squad with him to his new circuit. The lawyer manager was one of the popular diamond artists in the Minny league last year.

### PROBE BANK FAILURE

GUTHRIE, Okla., Feb. 1.—Resolutions were introduced in both houses of the Oklahoma legislature today demanding that the attorney general turn over to the investigating committee evidence in his possession on the failure of the Columbian Bank & Trust company in Oklahoma City.

### HENRY TAFT NOT ILL

PASADENA, Cal., Feb. 1.—Henry Taft, brother of the president, today denied reports that he had been seriously ill.

### BAT TO SETTLE A GRUDGE WITH AD

LOS ANGELES, Cal., Feb. 1.—When Battling Nelson and Ad Wolfst met here on Washington's birthday it will be more than a mere prize fight. It will settle a long personal grudge.

That's what Nelson said on his arrival today from New Mexico, where he has been enjoying himself on a ranch.

"I have no use for that German," said Nelson. "The trouble with him is that he is so full of conceit that he can't see. But just wait until we come together and he will think he has been hit by a cyclone."

## STOMACH ILLS SOON FORGOTTEN

There is nothing more distressing and discouraging to a person than to be tortured day in and day out with some stomach complaint. It is impossible to derive any benefit from your food, and as a result you soon become run down and lose flesh very rapidly. If the foregoing describes your condition, you really ought to try Hostetter's Stomach Bitters, because it will do you a world of good. Thousands of persons have tested it during the past 56 years and the results have always been satisfactory. You can't afford to neglect this matter, for by so doing you are only inviting a more serious illness. The Bitters is excellent in cases of Poor Appetite, Belching, Bloating, Indigestion, Dyspepsia, Constipation, Biliousness, Colds, Grippe, General Weakness and Malaria, Fever and Ague.
